

Recover Lost Gear & Help the Coast Guard Save Lives!

Apply this **FREE DECAL** to your marine equipment (dive floats, kayaks, canoes, SUPs, dinghies, etc.) and register it by scanning the QR code on the decal with your mobile device. You will be asked to provide your name and emergency contact information. It only takes 20 seconds!

Several times per week, the Coast Guard in Hawai'i launches search and rescue missions when recreational gear is found drifting at sea. By applying a decal to your gear, you are helping the Coast Guard determine whether or not life is in danger when items are found adrift. You will also have a better chance of having your gear returned to you if it is lost or stolen.
